MILA Pro Secure PAS24 2 Star 220mm Lever/Lever Door Furniture

Description

The MILA Pro Secure handle range is Secured by Design (Police approved specification). It combines visible security features with concealed reinforcement technology therefore providing ideal protection against cylinder and handle snapping. It is suitable for UPVC, composite, GRP and timber doors. Alongside the anti-drill, anti-grip and anti-snap techology, a deep-drawn steel subframe inside the zinc alloy backplate provides reinforcement for extra strength and stabiity.

The handle has been successfully tested to TS007:2012 and has achieved BSI's two star Kitemark™ accreditation, plus it has been tested to BSEN1906: Grade 4, succesfully achieving 200,00 cycles.

10 Year Guarantee
