

Description

The ABUS PS88 Lubricant Spray is specially formulated to extend the life of locks. This versatile product is ideal for the protection and cleaning of keyholes, padlocks, car locks, tools, and various other applications. It drives out humidity and also prevents locks from icing up, ensuring they stay protected from harsh weather conditions all year round. The spray prevents corrosion, dust ingress and loosens sticky mechanisms.

Features

- Avoids dust ingress
- Prevents corrosion
- Ideal for keyholes, padlocks, car locks and tools
