

ABUS Titalium 64TI Series Long Shackle Padlock

Description

TITALIUM locks by Abus represent a new dimension in security and represent a high level of security whilst weighing significantly less (30%) than comparable locks. This is all thanks to the innovative material of which the locks are made, namely a special aluminium alloy that uniquely combines a high level of torsion with lightness. The TITALIUM locks have a modern stainless steel finish, and offer both maximum strength & low weight.

Features

- Chrome plated cylinder plug
- NANO PROTECT™ coating for corrosion resistance
- Hardened steel shackle
- TITALIUM™ special aluminium lock body
