

ABUS Titalium 86TI & 86TIIB Series Open Shackle Padlock

Description

TITALIUM locks by Abus represent a new dimension in security and represent a high level of security whilst weighing significantly less (30%) than comparable locks. This is all thanks to the innovative material of which the locks are made, namely a special aluminium alloy that uniquely combines a high level of torsion with lightness. The TITALIUM locks have a modern stainless steel finish, and offer both maximum strength & low weight.

Operated By Euro
Cylinder

Key Retaining

Weather Resistant

Features

- Double bolted
