

ASEC Nonconductive Lockout Tagout Hasp 6 Holes 6mm Thread

Description

This non-conductive lockout hasp from Asec is made from a strong but flexible reinforced nylon, with a 6mm thread thickness, making it ideal for difficult to reach or narrow applications as it can be easily manipulated into the required position. It will accept up to 6 padlocks with an 80mm clearance.

Features

- 6mm thread thickness
- 80mm clearance
- For non conductive applications
- Accepts up to 6 padlocks with a shackle diameter up to 9mm
- Ideal for difficult applications with narrow spaces
- Easy to manipulate into place
