

ABUS 787 BIG `Key Garage` Key Safe

Description

The ABUS 787 BIG Key Garage shares the same footprint as the standard 787 however has a larger storage space and is a neat way to give shared access for the secure storage of keys and other small items. With a 4 digit combination lock, this model can hold up to 30 keys or 50 cards and features a removable hook for hanging bunches of keys. The 787 BIG has a solid metal housing and protective plastic cover and can be used both indoors and in protected outdoor areas for temporary storage of valuables or keys.

Combination Mechanism

Weather Resistant

Features

- Protective cover with sliding mechanism
- Solid metal housing and cover made of zinc die-cast
- 4 digit, individually resettable code
- Wall fixing system
- Flat inner mechanism implies a larger storage space as well
- Clip-in hooks which can easily be taken out and provide a greater ease of use for the end consumer
