

ASEC Concealed Locking Window Restrictor Kit

Description

Concealed Locking Window Restrictor from Asec, available in left handed and right handed variants. These restrictors have a sturdy stainless steel and zinc alloy construction, supplied with installation instructions and packing pads. The restrictors may be overridden to allow the window to be fully opened using the key if required.

Supplied With 1 Key

Features

- Suitable for retro fitting
- Suitable for use with UPVC, timber and aluminium windows
- Dedicated key release
- Restricts sash to 100mm opening
- Automatic locking and engagement
