

Description

The Gibraltar mechanical spring door closer provides a quick fix solution for closing doors around the home. Fitted to the door frame, the arm is tensioned to push the door closed. Virtually maintenance free, Gibraltar closers are fire tested to 30mins and 1hr fire doors and tested in accordance with BSEN1634/1.

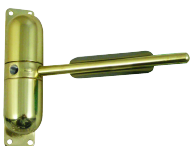

Fire Tested

Features

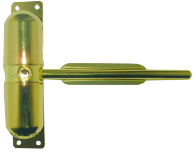

- Virtually maintenance free (other than routine dusting and cleaning)
- All Gibcloser models are self handing
