

BORG LOCKS BL5001 Digital Lock With Inside Handle And 60mm Latch

Description

The Borg BL5001 Digital Lock comes standard with a 60mm latch and an optional free passage feature which can be disabled if not required. This non-handed medium-to-heavy duty digital lock with round bar handle and 12 large indented buttons is suitable for use on internal and sheltered external DDA applications. With a clutched keypad handle to protect against forced entry and lock damage, you can be sure the BL5001 can withstand plenty of use.
