

Description

The Briton 372E Push Pad Vertical Bolt is suitable for single and double doors up to 2500mm high. When the pad is pushed, the bolt is disengaged, allowing for easy egress from the building in an emergency, with an anti-thrust device to prevent unauthorised retraction of the latch bolt. It features adjustable top and bottom shoots and comes complete with a 5 year guarantee.

5 Year Guarantee

Complies to BS EN 179

Features

- Adjustable top and bottom shoots
- Anti thrust device - prevents unauthorised retraction of the latch bolt
- Pad operated vertical bolt
