

ABUS 72LL/40 Anti-Rust Love Lock Padlock

Description

Available in a range of colours, the aluminium Love Lock from Abus is 100% corrosion resistant making it ideal for long-term external use on bridges and fences. The padlocks are embossed on one side with the other side left blank to allow for engraving and personalisation. These locks are designed to be mounted on bridges or fences and are popularly used as a declaration of love at tourist attractions around the world.
