

Description

An ideal retrofit solution, the Chameleon Pro Handle features an adaptable handle height (to accommodate both inline and offset centres between 59-96mm) and adaptable screw centres. Such flexibility is ideal for installers looking to reduce the amount of van stock they carry. This unit features concealed external fixings for superior security and the sliding mechanism is fitted with a nylon seal for ingress protection.

This handle is available in a range of attractive finishes and is supplied complete with all plates, 8mm solid spindle (split spindles are available as additional products), fixings and an allen key.
