

Description

If you are looking for a UPVC door repair kit that will be able to suit the majority of locks on the market then this 'Get Out Of Jail' kit is for you. The kit has a choice of locking mechanisms and 2 sets of fully adjustable door furniture which are supplied with a screw center conversion kit. The beauty of this kit is that all of the items are available individually so once you have used something you can top the kit up and be ready for the next job.

The kit contains 3 centre cases (with backsets 25mm, 30mm & 35mm with the 25mm faceplate being reversible which converts it to a 28mm), 2 locking point extension sets (2 x hooks & 2 x rollers and 2 x mushroom and 2 x rollers) and all strikes.

There are 2 sets of white Chameleon Pro Handles in the kit, they feature adaptable handle height (to accommodate both inline and offset centres between 59-96mm), adaptable screw centres, concealed external fixings for superior security and the sliding mechanism is fitted with a nylon seal for ingress protection.

The Fixing Conversion Kit to suit the Chameleon Pro Handle is ideal for retrofit applications where a screw fixing of 122mm is needed. The kit includes an inner backplate, an outer backplate and 100 CSK screws.

10 Year Guarantee

92mm Centres

Operated By Euro Cylinder

Weather Resistant

Features
