

Description

The Chubbsafe Omega Deposit Safe is ideal for situations where you require larger items to be put into the safe such as money capsules, documents, parcels and keys without the need to open the door allowing access to the contents within. It is constructed with an 10mm steel door and 6mm steel body and has hardened steel plates protect boltwork and lock against drilling.

£3,000 Cash Rating

Heavy Item (may incur delivery costs)
