

ASEC Vital 6 Pin Half Euro Dual Finish Snap Resistant Cylinder

Description

The Asec Vital dual finish 6-Pin Half Euro cylinder has a combined finish of a nickel plated body and a polished brass plug, this gives you a stylish yet cost effective cylinder that is suitable for use in both nickel and brass applications. These cylinders are drill, pick and pull resistant and have a sacrificial cut that increases the level of security against snapping with a predetermined break point.

Asec Vital 6 pin euro cylinders can be keyed alike with other Asec Vital oval and rim cylinders in the range, however, please note that these cylinders are unable to be keyed alike with the Asec Vital screw-in cylinders. These cylinders have a 6-pin mechanism with 30,000 differs, are certified to EN1303 and come complete with 3 keys and a retaining screw.
