

ABUS Silver Rock 5 Long Shackle Padlock

Description

The Silver Rock™ 5 range of padlocks from Abus is available in a range of body sizes and is suitable for most applications in areas with a medium level risk of theft. It has a heavy zinc body with a brushed stainless steel look and a blue branded silicone protective frame. The double locking hardened steel shackle has a Nano Protect™ coating and the lock features a precision 5-pin cylinder with a paracentric key profile.
