

ULTIMATE XL Black Scorpion Letterbox Kit

Description

Supplied in a protective carry case, the UltiMATE XL Black Scorpion Letterbox Kit allows users of any skill level to open doors quickly and efficiently. Small and lightweight, this tool is incredibly innovative, using a tubular framework rather than the old fashioned angled frames, with a super quick `push & click` method of extending or shortening length or securing parts. It also has 'WOTiWO™' technology (working on the inside whilst on the outside), using a high spec endoscope, all together making this tool the most advanced of its type on the market. Customers can contact the manufacturer to be provided with free access to all of their product training videos.

Kit Contains:

- Linking Rods x 4
- Angled Rod x 1
- Connecting/Extension Shafts (1x large, 1 x small)
- A Universal Connector-Head x 1
- Threaded Push/Pull/Draw Bar x1
- VIMEO Training Access
- Primary Letterbox Tool Handle x 1
- Threaded 'Duo' Connector x 1
- The UltiM8 Spiders x 2
- Phone Holder Bracket x 1
- UltiM8 Endoscope x 1
- The World's STRONGEST Magnet x 1

Features

- Tubular metal framework
- Fast and easy to use
- Can be used alongside the standard UltiM8 Letterbox Kit
- Has a 360-degree turning principle not used by other kits
- High spec endoscope
- 'WOTiWO™' technology (working on the inside whilst on the outside)
