

GORILLA Tape - Black

Description

Gorilla dominates the adhesives market with their incredibly strong and 100% waterproof products. Their range of tape are extra-tough with a weather resistant shell, strong reinforced backing and double-thick adhesive, while still being conveniently tearable by hand. It is twice as thick as ordinary duct tapes with 3 times the amount of rubber based flexible adhesive and provides a strong grip on smooth, rough and uneven surfaces. The tape can be removed but may leave a residue - please note that, to remove any excess residue, it is recommended that you use the tape itself as a blotter. The rolls are available in different widths and lengths to suit any job.

Weather Resistant

Features

- Twice as thick as standard duct tapes and 3x the amount of rubber based adhesive
