

SILCA Air4 V Plus 128 Remote

Description

The Air4 remotes from Silca are designed for easy duplication of the majority of popular remotes on the market. This Air4 V Plus 128 version replaces Air4 V Plus EU & Air4 V Plus remotes and is intended for both fixed & rolling code remotes that have frequencies of 433.92 & 868.35 MHz (AM/FM). The remotes are available in a choice of finishes.

The Air 4 remotes from Silca offer versatility and convenience, as customers can duplicate up to 4 different remotes using just one device. The Air4 system is so convenient that, when used with the Silca Easy Scan Plus software, remotes can be duplicated even in the absence of the original, giving the user everything required to set up a comprehensive remotes service.

4 Buttons

Weather Resistant

Features

- Automatically updated with new applications when duplicating a remote with Easy Scan Plus. A specific update operation no longer required
- More internal memory: all applications available in one remote
- Constantly updated with new applications
- Duplicates FAAC and Genius 'slave' remotes in around a minute
- Copies 128 bit remotes like Cardin Hörmann
- Replaces Air4 V Plus EU and Air4 V Plus IB remotes
