Description

The ACTpro 1030e is a slimline, multi-format proximity reader for use with the ACTpro range of products. It supports ACT RFID cards and fobs as well as 3rd party tokens including HID. This mullion reader has a 2 metre pigtail lead and is suited to both indoors and outdoor installation. ACTpro access control solution is a scalable card access control system, designed to facilitate the most demanding requirements for any size of enterprise. The system is highly flexible and feature rich. ACTpro is a single or multi user system for one or more sites.
