

## ASEC Pneumatic Lockout Hasp

### Description

---

This Pneumatic Lockout Hasp from Asec has a durable and corrosion resistant solid steel construction, featuring various hole diameters to suit most pneumatic fittings. Once closed, this product can be locked using up to 2 safety padlocks, isolating pneumatic hoses to prevent them from being used. Our range of ASEC Lockout Tagout equipment meets all practices & procedures to safeguard employees from the unexpected energization or startup of machinery and equipment, or the release of hazardous energy during service or maintenance activities

Weather Resistant
