

ASEC Mini Circuit Breaker Lockout Universal

Description

The Mini Circuit Breaker Lockout from Asec with a blue finish and warning label. It is easy to use by turning off the breaker & placing the lockout over the switch. Tightening the internal grub screw onto the switch locks the unit in place, a padlock can be fitted onto the hole in the lockout hasp therefore preventing access to the grub screw and therefore stops the switch from being operated until the padlock has been removed.

Our range of ASEC Lockout Tagout equipment meets all practices & procedures to safeguard employees from the unexpected energization or startup of machinery and equipment, or the release of hazardous energy during service or maintenance activities.

Features

- Simple to use
