

ARREGUI Class Key Locking Desktop Safe

Description

The CLASS Desktop Safes from Arregui are compact in size and designed for use on desktops, making them ideal for use in both domestic properties and hotels. This key locking version is double bitted for extra lock strength, with a 4 litre internal volume. It has pre-drilled holes in the base and back so it may be either wall or floor fixed, and it is supplied complete with fixing screws and 2 keys.

Supplied With 2 Keys
