

## ERA D Wire Sash Balance Tension Adjustment Tool

### Description

---

This tension adjustment tool is designed for use with D Type sash balances. These types of balances are supplied non-tensioned, and this tool can be used to adjust the balance within its weight range to suit actual glazed sash weights. This handheld tool is easily portable for quick on-site adjustments.

### Features

---

- Ideal for on site adjustment
- Tensioning tool for adjusting spring balances
- For use with vertical sliding sash windows
