

CODELOCKS CL505 Digital Lock No Latch

Description

The CL505 is part of the Codelocks CL500 series and are front and back plates only, they are for use with an existing mortice latch or lock.

The existing lock must have either a fixing hole (22mm) below follower (spindle) or two horizontal holes either side of the follower (38mm centres).

Clean by Codelocks is an optional finish available to special order on many Codelock products. The clear coating combats SARS-CoV-2 coronavirus (COVID-19) and can reduce bacterial growth by 99.96%*, providing an additional measure of protection over sanitisation. Clean by Codelocks features an ISO certified photocatalytic coating which offers enhanced protection against viruses, bacteria, germs and other environmental toxins. For full details please view the data sheet in the associated documents or to order please contact our Specials Department.

IMPORTANT:

Before ordering a Codelocks front/back plate set for use on an existing lock case, the current lock case must be tested to ensure it is compatible. Please see the 3rd Party Lock Disclaimer PDF document below for full information.
