

ERA SureFire Latch & Deadbolt Single Spindle 2 Hook 2 Latchbolt

Description

The Era Surefire range of multi point door locks is designed for easy and reliable locking - simply shutting the door engages a trigger and automatically fires all the locking points. The locking mechanism pulls the door in tightly to the frame, ensuring quick locking and great weathersealing.

This full locking unit features a 20mm faceplate with radius ends and a corrosion resistant hardened stainless steel construction, available with either a 35mm or 45mm backset. It is approved to PAS24 and BS EN1670 as well as Secured by Design (Police approved specification) and it comes with a 10 year manufacturer's guarantee. In addition to the latch & deadbolt centre case, the SureFire also features 2 hooks & 2 latchbolts and it is suitable for either right or left handed application.

Features

- Suitable for connecting to a motor for electric locking (supplied separately)
- Secured by Design (SBD licence held by ERA Home Security Limited)
- Meets the requirements of PAS 24:2012
- Anti-jemmy, anti-saw hooks
- Suitable for use on fire doors - 30 minute fire tested to BS 476: Part 20/22: 19
- Performance tested to over 50,000 cycles
- Tested for corrosion resistance to BS EN1670 (240 hours)
