

CODELOCKS Kitlock Battery Operated Cabinet Lock Proximity KL1050

Description

This Kitlock KL1050 by Codelocks gives keyfree and codeless access to cabinets, cupboards, lockers and other forms of storage. It is a long life product, giving up to 15,000 openings using just 2 AAA batteries. It comes supplied with all fixings and fitting instructions, and is easy to install and use. Additional features include the battery override, as well as LED indications and low battery warnings.

Clean by Codelocks is an optional finish available to special order on many Codelock products. The clear coating combats SARS-CoV-2 coronavirus (COVID-19) and can reduce bacterial growth by 99.96%*, providing an additional measure of protection over sanitisation. Clean by Codelocks features an ISO certified photocatalytic coating which offers enhanced protection against viruses, bacteria, germs and other environmental toxins. For full details please view the data sheet in the associated documents or to order please contact our Specials Department.
