

## GEZE TS4000 Overhead Door Closer Universal Wetroom Size 1 - 6

### Description

The TS4000 from Geze is a universal surface mounted rack and pinion door closer with flat form arm which is designed for use on doors which are up to 1,400mm in width and 100kg maximum weight. This TS4000 Wetroom Door Closer is the same as the standard TS4000, however this wetroom version features higher corrosion resistance, with nickel-plated spindle, bearing shells and stainless steel screw accessories, making it ideal for damp environments. The closer is suitable for use on both right and left handed doors and it features adjustable closing force, back check and latching action, with all adjustments made at the front of the device.

Size 1 to 6

Adjustable  
Closing Action

Adjustable Latch  
Action

Back Check
