

LINCE R90 Plus Monoblock Sliding Shackle Padlock

Description

The R-90 is a solid sliding shackle padlock from Lince with corrosion resistant and attack resistant properties. With a stainless steel lock body and shackle, the padlock is also supplied with 3 protective rings which slide over the shackle and hinder cutting. The R-90 has a key-retaining cylinder, meaning the key can only be removed when locked. The cylinder also features bump, pick, drill and extraction resistant properties.

Supplied With 3 Keys
