

ERA Lockdown Door Barricade for Double Doors

Description

This emergency barricade from Era is designed for use on internal double doors up to either 50mm or 60mm thick. It has a hard wearing steel construction with a powder coated black finish and it provides quick and easy protection to a room and its occupants from outside forced entry. The device is supplied with fixings for wall mounting, making it extra quick and easy to access and deploy. It has been tested to PAS24 impact resistance standards and it comes with a 1 year manufacturer's guarantee.
