

WD-40 Specialist Fast Acting Degreaser

Description

The Specialist Fast Acting Degreaser from WD-40 is a solvent-based, spray degreaser that quickly removes heavy soiling including oil, grease, grime and dirt, evaporating quickly and leaving no residue. As well as cleaning, this spray will also reduce wear and tear on components, keeping them clean and running smoothly for longer.

This products is ideal for degreasing applications such as for: industrial machinery, lifts and hoists, chains and gear mechanisms, hand and power tools, flooring, printing presses, exhaust pipes, tyre rims & alloy wheels. To use, simply spray on the clear formula before wiping or rinsing away. For more stubborn soiling, leave for a few seconds to penetrate through the dirt before wiping clean.

Features

- Reduces wear and tear on components
- Evaporates quickly, leaving no residue
- Wipes off easily
- Works immediately on contact for unbeatable speed
- Degreases oil, grease, dirt and grime
- Safe to use on metals, glass, plastics, rubber and aluminium
