

## Description

The dormakaba (formerly known as Dorma) TS73V is a universal solution for doors of differing styles and designs, and is specifically designed for internal (fire) doors. Thanks to its flat and compact format and design, installation can be carried out quickly and without problems. The TS73V has an anti-corrosion finish making it suitable for usage in moist and damp areas, and offers optimum wall and door protection thanks to its `thinking` backcheck.
