

GREENWOOD Clip Fit F Vent

Description

The F Vent from Greenwood has a UPVC construction with an unobtrusive slimline profile and it is supplied with the option for clip-fit installation. Clip fit fixing is an innovative time saving solution which is convenient for the busy installer. The clip fits securely to a range of profile depths and is integrated into the ventilator body. The F type slotvent is available in a range of finishes to suit window and room design.

Kit Contains:

Inner control unit
External canopy with integral flyscreen
