

Steel Window Fittings

STEEL WINDOW FITTINGS B375 Back of Stay Bracket

Description

The B375THPS Peg Stay Pin Bracket from the Steel Window Fittings range of B375 brackets is used to hold windows securely open. With M5 countersunk screw holes, this item can be used with a bracket rest (B375RST), a bracket through-hole-pin(B375THPB) or a key locking pin (B375LTHPB) so that when the window is closed it is held shut.

Features

- Non-handed
- Choice of finishes
- M5 countersunk screw holes
