

DORTREND 20RW Witley Large Plate Mounted Unsprung Lever Furniture

Description

These 20RW lever handles from the Witley range by Dortrend are available in a variety of styles, featuring extra large 10g aluminium backplates. The levers are made in a return to door (RTD) style for ease of operation, making them suitable for DDA applications. The levers have a round 20mm profile with 48.5mm centres and bolt through fixings.

Features

- 48.5mm centres
- Bolt through fixings
- Witley range
- Unsprung levers
- 10g aluminium back plates
- 20mm round bar return to door
