

SQUIRE Stronghold Sliding Shackle Padlock Body Only To Take KIK-SS Insert

Description

These SQUIRE Stronghold padlocks with a solid hardened steel body and hardened boron alloy steel shackle offer a high quality locking solution designed for use with Evva KIK-SS cylinders. They are purpose designed for easy and secure fitment of Evva KIK-SS with no need to drill the cylinder, meaning the locking mechanism can be changed cost effectively without the need to replace the whole padlock. These padlocks have a weather resistant finish with a hardened steel body and sliding shackle and are CEN Grade 4 approved.
