

Description

The MC30 from Bulldog is a comprehensive kit for ground anchoring which includes a 1500mm case hardened chain and 70mm disc padlock. The ground anchor has a hard wearing red powder coated finish with a 6mm thick stainless steel construction; it is heavy duty and highly visible. It is suitable for either floor or wall mounting and supplied with 4 x 80mm M10 security screws. This UK manufactured product forms the ideal set for securing small vehicles and larger work items such as motorbikes, quad bikes and ride on lawnmowers.
