

BULLDOG DMAKS Hitch Lock

Description

This BULLDOG DMAKS Hitch Lock is suitable for Alko 2000, 2500 and 2700 stabiliser hitch heads. It is quick and easy to fit, and its compact design makes it ideal for touring as it is so convenient to store. It has a highly visible red powder coated finish and utilises the Bulldog Super Lock Bolt case hardened steel locking pin which is both drill and pick resistant. It features a steel lower channel which ensures the hitch head and fixings are fully enclosed providing high resistance against leverage attacks. It is versatile and can be used both hitched and unhitched, with a dummy ring hitch plate provided to ensure restricted access to the towing point. It is Secured by Design (Police approved specification) and comes complete with 2 keys and a 5 year guarantee.

Supplied With 2 Keys
