

Description

This BULLDOG Garage Door Lock is suitable to fit either inside or outside of your garage door. It comes complete with the Bulldog Super Lock Bolt which is both drill and pick resistant, and is also supplied with a reinforcing plate for optimum strength and security. The lock tube fits flush to the ground with no protruding parts, and a dust cap is supplied to ensure no dirt and dust ingress into the lock. It is supplied with M10 x 75mm coach bolts and comes with a 5 year guarantee.
