

Description

The Aldridge Multi Point & UPVC Repair Catalogue is an essential reference guide for industry professionals with 800 pages packed full of information. It has an easy to use reference guide making it simple to find the full information of the product you require and also helps you find any associated products you may need. Over 1,000 new products have been added since the last edition of this catalogue and it also includes details of obsolete products along with suggested alternatives to make finding the right product even easier. If you would like a copy there are 2 ways you can get hold of one.
