

YALE Smart Lock Remote Fob

Description

The YALE Smart Lock Remote Fob is compatible with Yale Smart Door Locks and enables the user to unlock the door with just one quick press of a button. The Yale Smart Door Lock will work with up to five fobs at a time with each fob providing quick and easy remote locking with a 10m range. Please note that this remote fob will not be compatible with Yale Keyfree or Yale Keyless Locks with Yale CCTV/Alarm module or Z-Wave module and will require a remote fob module.

Features

- Works with up to five fobs at a time
- Compatible with Yale Smart Door locks
