

INTERFLON Power Wipes

Description

These INTERFLON Power Wipes are strong, industrial quality cleaning towels, saturated with a heavy-duty cleaning solution. Suitable for use across a variety of surfaces, they are powerful in the cleaning of dirt and grease, remaining moist for several hours for repeated use. The wipes do not fluff, have a pleasant odour and leave little to no residue with a high absorbency and dirt retention. They are both easy and cost effective to use and come in a resealable container to ensure long life and freshness. The unique F-Active cleaning technology works to effectively remove rust, oil and grease, limescale and inorganic dirt.
