

INTERFLON Metal Clean F

Description

This INTERFLON Metal Clean F multi-purpose aerosol has a powerful jet spray, allowing for easy cleaning of dirt and grease in hard to reach places, making it ideal for cleaning locks. The non-corrosive cleaner evaporates quickly, leaving no residue, and comes in a handy aerosol which can be sprayed in any position. The unique F-Active cleaning technology works to effectively remove rust, oil and grease, limescale and inorganic dirt. Do not use on rubber, plastic and security glass.
