

CTEK Wall Hanger 300 For PRO25S Battery Charger

Description

The CTEK Wall Hanger 300 is compatible with the CTEK PRO25S Battery Charger and is specifically designed to enable the charger to be mounted to walls or ramp posts, or hung from vehicle doors. The hanger plate screws directly on to the back of the charger and comes with a hook to ensure the charger's cables are stored safely and conveniently. It has durable rubber feet to prevent damage or scratches to vehicles and comes complete with a 2 year warranty.

2 Year Guarantee
