

CODELOCKS A3 Dual Vandal Resist Stand Alone Door Controller With RFID

Description

The CODELOCKS A3 Dual Vandal Resist Stand Alone Door Controller With RFID is MIFARE® compatible and provides proximity access for up to 600 code/card clients. The option for convenient keyless access via code entry using the keypad, or the use of a proximity card provides secure and flexible entry. This heavy duty surface mounted door controller features an anti-tamper sensor, a configurable penalty time and also conforms to IP66 rating. It is a secure and stand alone keyless access solution which requires no external programming, purchase of complex software or licensing costs, and is compatible with doorbell and alarm connections.

Clean by Codelocks is an optional finish available to special order on many Codelock products. The clear coating combats SARS-CoV-2 coronavirus (COVID-19) and can reduce bacterial growth by 99.96%*, providing an additional measure of protection over sanitisation. Clean by Codelocks features an ISO certified photocatalytic coating which offers enhanced protection against viruses, bacteria, germs and other environmental toxins. For full details please view the data sheet in the associated documents or to order please contact our Specials Department.
