

XPERT Double Sided Tape Measure - 5m

Description

The XPERT Double Sided Tape Measure features a double sided rule and hook for increased usability. The retractable blade (25mm x 5m) is nylon coated for rust prevention, durability and reduced glare. The belt clip ensures your tape measure is always close at hand, plus the soft-feel rubber casing protects from damage if dropped, also providing sure grip and comfort. The dual blade break ensures quick-hold positioning while measuring, with EC Class 2 rated accuracy.

Features

- EC Class 2 accuracy
