

ERA 224 & 324 Dual Profile Sashcase

Description

The Era Oval Viscount offers total versatility allowing for most Oval and Euro Profile locking cylinders.

Operated By Euro Or Oval Cylinder

Features

- Suitable for bolt through furniture
- Comes complete with 'Shoulders' to fit Euro cylinders and is therefore suitable for either Euro or Oval cylinders
- The lock has hardened steel rollers in the bolt to resist hack sawing
- Ideal for replacing most existing cylinder door locks with minimal change to existing fittings

Product Table

The image shows three components of the L17458 product. On the left is a long, thin, gold-colored metal plate with two circular holes. In the middle is a smaller, gold-colored metal plate with a rectangular slot. On the right is a silver-colored metal bracket with a circular hole and a small gold-colored pin.
