

ASEC Smart Wireless CCTV Camera

Description

The ASEC Smart CCTV Video camera has 1080P HD video and live streaming, complete with 16G SD card and IR night vision for coverage around the clock. It is weatherproof and therefore suitable for both internal and external use, features a 110° wide angle lens, has built-in 2 way audio to enable the user to conveniently communicate with visitors and works with up to 5 users per device.

The use of the free iOS and Android supported app allows for alerts to be sent to your mobile device when motion is detected, streaming an image to your device to alert you of any activity. Being battery powered (rechargeable) it is very easy to install and is supplied complete with a USB charging cable and magnetic mounting bracket.
