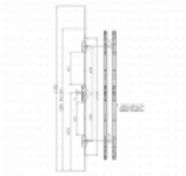
LOCKMASTER Lever Operated Latch & Deadbolt Synseal Single Spindle - 2 Hook 2 Anti-Lift 2 Roller



Description

The LOCKMASTER Lever Operated Latch & Deadbolt is a full multipoint lock unit with 2 hooks, 2 anti-lift pins and 2 rollers. It features a Euro profile centre case with a 16mm faceplate and single spindle. The unit can be locked by using the lift lever to engage the locking mechanisms, after which a turn of the full cylinder locks it up. One full turn of the key followed by a push down on the lever unlocks the unit.
