

MASTER LOCK Preassembled Spring Clamp Tie-Down

Description

The MASTER LOCK Preassembled Spring Clamp Tie-Down features a 2.5m x 25mm strap, complete with Strap Trap™ to manage excess strap and ensure it is kept firmly in place during use. The webbing is preloaded in the buckle and it has a push button to adjust the strap length, ensuring it is practical, ready and convenient to handle. It has a 250kg lashing capacity and is ideal for securing a load to your vehicle.

Features

- 250kg lashing capacity
- Strap Trap™ included to keep excess strap firmly in place during use
- S hooks with retaining clip
- Push button to adjust strap length
- Webbing preloaded in the buckle
